

Issue Date: October 15, 2007

## **MATERIAL SAFETY DATA SHEET**

### **1. Product Identification**

Product Name: RPS Paintballs

Description: Soft gelatin capsules containing colored liquid

Manufacturer's Name: KEE Action Sports  
11399 47<sup>th</sup> Street North  
Clearwater, Florida 33762

Emergency Telephone Number: 1800-724-6822

### **2. Hazardous Ingredients**

Hazardous Components: None

Materials contained in this product are classified as non-hazardous according to the definitions set forth in 29 CFR 1910.1200

### **3. Physical Data**

Appearance: Spherical solid capsule containing colored liquid

Odor: Characteristic

Vapor Pressure: Low

Vapor Density: Not Determined

Boiling Point: Decomposes before boiling

Solubility in Water: Appreciable

Specific Gravity of Liquid: 1.12 – 1.15 @ 25/25° C

#### **4. Fire and Explosion Hazards**

Flash Point: > 232° C (450° F) PMCC

Autoignition Temperature: Not Determined

Flammability Limits: LEL: Not Determined

UEL: Not Determined

Extinguishing Media: Dry chemical, foam, or CO<sub>2</sub>

Hazardous Combustion Products: Under fire conditions polymers decompose. The smoke may contain polymer fragments of varying compositions in addition to unidentified toxic and/or irritating compounds. Hazardous combustion products may include and are not limited to: carbon dioxide, carbon monoxide or nitrogen oxides.

Unusual Fire and Explosion Hazards: None known

#### **5. Reactivity Hazards**

Chemical Stability: Stable

Incompatibility: Avoid contact with strong acids and oxidizing materials.

Hazardous decomposition products: May include and are not limited to: aldehydes, ketones, organic acids, and polymer fragments.

Hazardous polymerization: Will not occur

Product is stable under normal use and storage conditions.

#### **6. Health Hazards**

Eye: May cause slight transient (temporary) eye irritation. Corneal injury is unlikely.

Skin: Prolonged or repeated exposure not likely to cause significant skin irritation. May cause more severe response if skin is abraded. A single prolonged exposure is not likely to result in material being absorbed through skin in harmful amounts. No allergic skin reactions are known to have occurred.

Ingestion: Single dose oral toxicity is considered to be extremely low. No Hazards anticipated from swallowing small amounts incidental to normal handling operations.

Inhalation: Not hazardous

Carcinogenicity: NTP: no, IRAC: no, OSHA: no

Chronic Effects: None known

First Aid Procedures: Flush effected skin and eyes with plenty of water.

Seek medical attention in case of ingestion, do not induce vomiting.

## 7. Spill Procedures

<u>Hazard Ratings:</u>	<u>NFPA</u>
Health	0
Flammability	0
Reactivity	0

Protective equipment: Safety glasses

Spills: Solids and liquids may be swept or scooped up and placed in plastic or metal containers for disposal. Dispose of materials according to applicable federal, state and local regulations. Non-hazardous waste under RCRA regulations.

## 8. Handling and Special Precautions

Handling and storage: Product should be kept in original containers or other suitable containers and protected from excessive exposure to air, heat, and light.

## 9. Regulatory

SARA 313 Title III: Not regulated

TSCA: All ingredients are listed on the TSCA inventory.

DOT: Not Hazardous

OSHA: Not Hazardous

WHMIS Classification (Canada): Not a "Controlled Product"

**NOTICE:** The information herein is presented in good faith and believed to be accurate as of the effective date. However, no warranty, express or implied is given.
